Dear Neighbor,

We're writing to you to offer you a unique opportunity to network and market with your fellow producers and artisans. As farmers invested in our local community, we have worked to get the 'lay of the land' in terms of who our fellow producers are and how we might work together in order to provide the best products and services available. One area in which we feel we can be of help, is pulling together an event that will provide a platform for us all to market to the greater community.

We'd like to offer you this opportunity by extending to you an invitation to have a table at our

2020 Spring Festival & Craft Fair
Saturday, May 9th, 2020 10am-3pm

For farmers and producers, this would be an opportunity to share with the community your goods and services that would be available for the 2020 season as well as sell any value-added products that you have available. For artisans, this is an opportunity to sell your goods and make connections as well. Local vendors that sell related products and services would be welcome as well. This is also the Saturday before Mother's Day! Bring on the "Mom Stuff!!"

This will be an outdoor event- setting up tables in our orchard. We will provide restroom facilities and coffee/tea for the vendors. Vendors/artisans must supply any tables, chairs, and top cover tents they may need.

Please join with us in making this event a fun opportunity for the community and a positive step in working together in order to support our respective ventures.

In order to secure a space, please enclose your registration form along with a \$30 fee by April 11th.

We look forward to hearing from you and working together!

Warm Regards,

Adam and Julie Gullett

We love dogs too- but not at our Festivals. Thanks for respecting our policy. **Please initial** that you understand this rule and won't try to sneak "Princess" under your table, making an awkward situation for us both---well, for you.
